

**Clinical Health**  
**Student Performance-Based Assessment**  
**Rules and Guidelines**  
**SY 2013-2014**

**Event Overview:**

During this year's Clinical Health Performance-Based Assessment, student teams will evaluate multiple health care scenarios. A local client will present pertinent information to all of the student teams participating in the Clinical Health Performance-Based Assessment. Based on the information presented by the client, the student teams will present their findings, analysis, and recommendations, to include a PowerPoint or Keynote Presentation that will be presented at the Performance-Based Assessment event. Prior to the event, students will submit a research paper on an assigned topic. In addition, students will be taking a 50-question objective exam assessing proficiency of Health Services Core standards and a 50-question objective exam assessing proficiency of Clinical Health standards. Students should be able to demonstrate proficiency of both Health Core and Clinical Health standards.

**Rules:**

- ✓ Career and Technical Education (CTE) teachers may enter more than one team. Priority participation will be given to students completing the Clinical Health Program of Study. If there are extra slots, those students who have not completed a program of study may be allowed to participate.
- ✓ Each team must have two members.
- ✓ Each team should bring their own equipment and computers pre-loaded with the appropriate software.
- ✓ Teachers should ensure students have administrative rights necessary to load printer drivers on the laptop.
- ✓ Neighbor island schools may request laptops to be provided, however, the school will be responsible for providing their own software. **The state will not be responsible for compatibility and other technical issues. Request for a laptop should be made by April 14, 2014.**
- ✓ All team members must be present during the oral presentation. A score of zero (0) will be assigned to any student that does not participate in the oral presentation; therefore the team's overall proficiency score will be affected. Exceptions will be made for family and medical emergencies with written justification.
- ✓ All team members must be dressed in appropriate professional attire (See professional attire guidelines).
- ✓

**Performance-Based Assessment Products:**

**Research Paper Component:**

- ✓ **\*Maximum Fifteen-Page Written Research Paper.** The research paper must be received by **Friday, February 14, 2014 at 4:00 p.m.** via Lotus Notes to: margaret\_pearlman@notes.k12.hi.us as a **PDF file**. A half (.5) point, per day will be deducted from papers submitted after the due date and time. No word documents will be

accepted due to the variation of word processing software versions and possible formatting issues that may affect the final paper.

- ✓ **\*If student teams are able to present research of topic in under fifteen (15) pages, it will be acceptable.**

**The topic of the research paper: “Common Diseases and Disorders of Body Systems”**

- Student teams will research **two(2)** common diseases or disorders **for each** of the following body systems:
  - Cardiovascular
  - Respiratory
  - Skeletal
  - Digestive
  - Muscular
- Give an analysis of diagnosis, treatments and possible preventive measures for the disease or disorder.
- Explain how vital signs detect the possible presence of disease or disorder. In addition, compare and contrast vital sign detection amongst children (7-12 years), adolescent (12-17 years) and adults (above 18 years) in both female and male patients.

The research paper should be organized to include:

- **Title Page:** Research Paper Title  
Name of Team Members  
Name of School  
Submission Date
  - **Table of Contents:** Components of the report should be presented with accompanying page numbers.
  - **Abstract:** one paragraph, not indented. Between 150-250 words.
  - **Body Contents:**
    - Essential research on "Common Diseases or Disorders of Body Systems" which should include in-text Citations that support research, in APA format
  - **References:** Use APA Standards
  - **Appendix:** *If applicable* (charts, graphs, tables, etc.)
- ✓ **Research Paper Format Standards:**
- The body of the research paper must be limited to fifteen (15) pages.
  - Title page, table of contents, abstract, reference pages, appendices are **NOT** included in the fifteen (15) page limit.
  - Text must be in 12 point, Times New Roman font.
  - Margins should be 1 inch margins. (left, right, top, bottom)
  - Running Head of Title is not required.

- Headings and subheadings should be used.
- Page numbers should be in the Table of Contents and should begin with the Abstract (as page 2) and end with final page of the References or Appendix (if applicable).
- Page numbers should be on the upper right corner of each page.
- Lines should be double-spaced, typed, except in the case of charts and/or other graphics.
- Pages must be 8.5 inches by 11 inches.
- Plagiarism of information will result in a zero score for the research paper. Use of all outside information must be cited.
- APA standards for citations and references must be used.
- Missing information and/or formatting errors will result in deduction of points.

✓ **Product/Challenge Deliverables:**

- Event challenge product/ performance task
- PowerPoint Presentation should include a justification with supporting information and data.
- All challenge deliverables must be saved properly on a flash drive that will be provided.

✓ **Oral Presentation Guidelines:**

- Each team will have 20 minutes to present their product using PowerPoint. No other programs may be used unless they are embedded into the PowerPoint presentation.
- Each member of the team must have a speaking part in the presentation.
- Upon completion, judges will conduct a 10-minute question and answer (Q&A) session. Judges will direct questions to each member of the team. Each member must be able to respond to judges' questions.
- Teams should use their own laptop for their presentation. An LCD projector with PC-compatible connector will be provided. **Please Note: If using MAC laptop, the team must provide own adaptor.**
- If requested by April 14, 2014, a laptop will be provided. However, participants will be limited to the software loaded on the laptop.
- Professional dress is required of all team members. (See professional attire guidelines for details.)

**Scoring:**

Individual scores for the research paper, written tests, product/performance task, and oral presentation will be combined to determine the team's overall proficiency score. Per event, point deductions will be made for non-adherence to guidelines and criteria.

**Recognition:**

Individuals earning a proficiency score of 70% and above in any category of the performance-based assessment categories will be recognized.
